

THE VAULT

Everything your venue needs. One secure portal.

The Vault is a secure portal, customised specifically for your venue, bringing together all the tools, resources and links you need to stay connected with your marketing network. Everything is in one place—easy to access, easy to manage.

REPORTS

Track your venue's growth with detailed website traffic and Facebook/Instagram engagement reports. Compare monthly performance over a 24-month period and instantly see how you're tracking against the previous year.

CREATIVE

Access your complete graphic archive and submit new design requests in one convenient location.

Photo Cropper - Instantly crop and resize images for Facebook Events, venue TVs and other marketing channels.

Design Resizer - Automatically generate a complete campaign package from a single artwork, creating correctly sized files for TVs, website, Facebook, Instagram and more—including publishing.

IN-HOUSE

Preview everything currently displaying on your venue TVs directly from your desktop. Make updates quickly and keep your digital displays looking their best with minimal effort.

SOCIALS

Manage your venue's social content with ease.

- View all scheduled Facebook and Instagram posts in one calendar, including repeating and featured events.
- Publish photos directly to your website, venue TVs and social channels using the Photo Publisher.
- Create engaging captions in seconds with the Story Generator.

LOGINS

Quick access to your Website and eNews platforms.
